"This Is Farewell"

Jem
This is farewell,
Farewell but not forever
This is farewell
Until we're back together

Jem and the Holograms with the stingers
This is so long for now,
We'll meet again somehow.
And until the day we do I will be thinking of you.

Pizzazz
This is farewell to life the way we knew it.

Rio
This is farewell But somehow we'll come through it

Jem

You and I

Holograms
Farewell

Jem and the Holograms
This is farewell

Pizzazz
Farewell

Stormer
Farewell

Everyone
Farewell. Good-bye. Good-bye.
