You'll never win my love  
Coming on so strong  
You'll never win my love  
You're going at it all wrong  
You'll never win my love  
Acting cruel or mean  
You'll never win my love  
Unless you change your routine  
If you abuse me, you'll only lose me  
You'll never make me care  
Give me a rough time, you'll have a tough time

You'll never get anywhere  
What are you thinking of  
When you get unkind  
You'll never win my love  
Without a new frame of mind  
If you abuse me, you'll only lose me  
You'll never win my love
