I'm stuck inside  
Can't get this done, wish I could hide  
This scene is really such a pain  
I just can't see how this is any use to me  
This work is drivin' me insane

All I really want is to get away  
(Can anybody tell me?)

How much longer till I'm done?  
How much longer, wanna feel the sun  
How much longer, I can't wait  
How much longer until I can play that game?

It's on my mind, I think I'm runnin' outta time  
This waitin's more than I can take  
That clock is slow, it's never gonna let me go  
This time I need more than just a break

All I really want is to get away  
(Can anybody tell me?)

How much longer till I'm done?  
How much longer, wanna feel the sun  
How much longer, I can't wait  
How much longer until I can play that game?

How much longer till I'm done?  
How much longer, wanna feel the sun  
How much longer, I can't wait  
How much longer until I can play that game?

And here I go again  
(Here I go again)  
Wonderin' when I can have my time to play  
(When)  
(Can anybody tell me?)  
(Can anybody tell me?)

How much longer till I'm done?  
How much longer, wanna feel the sun  
How much longer, I can't wait

How much longer until I can play that game?

How much longer till I'm done?

How much longer, wanna feel the sun

How much longer, I can't wait

How much longer until I can play that game?

(I want to play that game)

Play that game

(I want to play that game)
