Don't come that clock is lying
The night is only starting
Baby when we are together wish
it could be forever
Don't leave me dying

Girl I'm lost without you,
come feel how much I want you
Cos I can't help it
I need you don't deny me

I want you to stay!
Say you'll stay.
Make this night last forever,
let's makes magic together
Love me like you'll never see me again

I want you to stay!
Say you'll stay.
Your body is like an addiction,
and baby I don't want to break.
I want you to stay.

(Àpanielskã verzia)

I'm addicted to your love
to your sweetness to you want,
to your lips when they kiss me...
and the way that you tease me.
To the moment we spend,
never want them to end.

I want you to stay!
Say you'll stay.
Make this night last forever,
let's makes magic together

Love me like youâll never see me again

I want you to stay!

Say youâll stay.

Your body is like an addiction,
and baby I donât want to break.

I want you to stay.
