When I first saw you  
Deep down I knew  
You were the one for me  
(You were the one)  
The way you smiled and said  
Your name so tenderly

And isn't strange  
How I felt Love with you  
I didn't think I'd ever,  
Find someone like you

In my dreams I've dreamt about you  
Every morning I'd wake up in tears  
Cuz I didn't I'd find someone like you  
I didn't think I'll ever find someone like you

You mean so much to me  
You opened up me eyes  
And helped me see the truth  
Now I can't think of living life without you  
After all we've been through

And isn't strange  
How I felt Love with you  
I didn't think I'd ever,  
Find someone like you

I've waited all my life  
For someone like you  
And now that you're here  
I never want you to leave  
And I'll make you a promise today  
That by your side I will stay  
Forever stay, yeah

In my dreams I've dreamt about you  
Every morning I'd wake up in tears  
Cuz I didn't I'd find someone like you  
I didn't think I'll ever find someone like you
