They make us feel like movie stars.  
They can heal a wounded heart, heal a wounded heart.  
"A girls meets boy", "a boy meets girl"  
The shy ones medium to be heard.  
Some will bug you, some will please.  
Some will bring you on your knees.  
Nothing's new under the sun, everything's been done.

Just another pop song, yeah yeah yeah.  
A bunch of catchy phrases and empty words  
A fool's attempt to save the world.  
Another pop song, yeah yeah yeah.  
They're at least the reverse of our dreams  
But a person's going to be obscene, another pop song.

Sing 'em softly, sing 'em loud, do anything to please  
the crowd.  
They're an ocean of broken hearts, small reflections of  
who we are.  
Nothing's new under the sun, here's another one.

Just another pop song, yeah yeah yeah.  
A bunch of catchy phrases and empty words  
A fool's attempt to save the world.  
Another pop song, yeah yeah yeah.  
They're at least the reverse of our dreams  
But a person's going to be obscene, another pop song.  
It's just another pop song, eh eh ah ah, come to ours.  
Just another pop song.

Some will make you feel alright and heal you.  
Some will even save your life.  
They bring you up when you feel down.  
They're always, they're always around.

Just another pop song, yeah yeah yeah.  
Just another pop song, yeah yeah yeah.  
Just another pop song, yeah yeah yeah.  
A bunch of catchy phrases and empty words

A fool's attempt to save the world.  
Another pop song, yeah yeah yeah.  
They're at least the reverse of our dreams  
But a person's going to be obscene.  
Another pop song, yeah yeah yeah.  
A bunch of catchy phrases and empty words  
A fool's attempt to save the world.  
Another pop song, yeah yeah yeah.  
They're at least the reverse of our dreams  
But a person's going to be obscene, another pop song.
