I can't resist you
I can't believe you
I don't wanna be with you

I don't wanna draw your attention
I don't wanna be near you
I can't be brought back into your heart
Your heart, oooh yeah your heart
Is a Black Hole

I'm leavin town
And leavin you behind
Your heart is black and and
I don't want it anymore
I love that I am an independent person

I donw wanna draw your attention
I don't wanna be near you
I can't be brought back into your heart
Your heart, oooh, yeah, your heart
Is a Black Hole

Just leave me alone
I'm leaving you for good

Your, yeah, your heart
You need me more than I need you
So,

I don't wanna draw your attention
I don't wanna be near you
I can't be brought back into your heart
Your heart, oooh yeah your heart
Is a

Black Hole,,,, Yeahh, woa woah

I can't be brought back into your heart
Your heart is a black hole
