You think that you can put me down
Using words to knock me down
Find my weakness, then make me cry
Don't worry, I'll be back soon

You think that you're the only one
Who's got a dream under the sun
And all the planets revolve around your thumb
Don't worry, I'll be back soon

And when there's only one breath left in the air
Will you swallow it alone?
Or will you hunt me down so we can share
A final kiss?

Inside my air-tight memory
Lies every word you said to me
You can't remember what I can't forget
But don't worry, I'll be back soon
