VERSE 1

I don't care if you don't love me,
Just try to like me a little bit.
I wrote your last name next to Jenn and
It's a fit.
Your electric and you shock me
Every time we get to close.
I feel high when you are with me
But you leave me low

CHORUS

Cause' nobody loves you
And nobody sees you like I do,
And nobody's fallin'
The way I've fallen for you.

And nobody moves me,
And nothin' else sticks to me like you
And nobody hurts me,
Hurts me like you do

VERSE 2

You never teach me any lessons
Cause' I don't want to learn.
At least you hit this good old feelin'
And it burns. (uh huh)

You got the right tools and the right words,
How to pull me right back in.
Then you leave me in confusion
And you always win.

CHORUS 2

BRIDGE

Oh I shy, shy away
Is that ok?
Well I don't know, but you always know
Just what to say
While I quietly admire your every way
I can't kill this fire now,
You have to help me out.

CHORUS(2x)
