INTRO:

(Are you a Gentleman?)

VERSE ONE:

First time our eyes met,
Babe, I placed my bet,
You were sweet,
You were kind,
So sincere and genuine.
When I first saw you,
Wanted to know you,
You looked good, yeah you looked fly,
Hoped that I'd find more inside

PRE-CHORUS:

Have you got what I want?
Have you got what I need?
Could you really be everything that you seem?

CHORUS:

Are you a gentleman?
Can I trust in you?
Will you see me through?
And give me everything I need, baby
Are you a gentleman?, oh
That's what you gotta prove
Before I'm givin' love to you,
Are you worthy of a girl like me?, baby,
Are you a Gentleman?Â...Â...Â...Â...Â...
(oh no, no, noÂ...Â...Are you the one that I need?)

VERSE TWO:

Can you feel me yet?
Boy it's no secret,
You're the type that I like,
But is there more than meets the eye?
Should I just assume,
That you're too good to be true,

If I get close
What will I find?
Underneath it all what do you hide?

PRE-CHORUS:

Have you got what I want?
Have you got what I need?
Could you really be everything that you seem?

CHORUS:

Are you a gentleman?
Can I trust in you?
Will you see me through?
And give me everything I need baby
Are you a gentleman?, oh
That's what you gotta prove
Before I'm givin' love to you,
Are you worthy of a girl like me, baby,
Are you a Gentleman?
(Â...Â...Â...Â...Â...oh no, no, no)

BRIDGE:

So tell meÂ...Â...Â...Â...
Will you treat me well?
Stay by my side?
Be the only man that's in my life?
Will you be faithful and love me right,
Are you that, are you that gentleman?
Will you be the one who understands?
Will you stick it out through good and bad?
Will you hold me tight when I'm down and out?
Are you that gentleman that I'm talkin' bout?
(Â...Â...oh, whoa, oh, yeah)

(CHORUS REPEATS ONCEÂ...Â...adlibs and fade out)
