Ohhh

Baby take it
Oohh take it easy now
Don't wanna' break before you've grown
I Know it Feels like
Life's taking it out on you
But you cannot give up..noo

Take your time
Be like night wait for dawn
Healing
is right for the soul
Take your time
Rushing wont bring you joy
Healing
is right for the soul
right for your soul
for your soul
Healing

Need a remedy for what your feeling
Don't want to pass on the pain
Realice what's inside
Will take time to mend
Your going round in circles
Always in recovery
going over skin that's broken
And it ain't getting better no

Nooohhh noo noo

Take your time
Be like night wait for dawn
Healing
is right for the soul
Take your time
Rushing wont bring you joy
Healing
is right for the soul
right for your soul

for your soul
Healing

Baby take it
Oohh take it easy now
Don't wanna' break before you've grown
I Know it Feels like
Life's taking it out on you
But you cannot give up..noo

Take your time
Be like night wait for dawn
Healing
is right for the soul
Take your time
Rushing wont bring you joy
Healing
is right for the soul
right for your soul
for your soul
Healing
