Can't wait till this day is over
Can't wait for this day to be done
Can't wait feel the end is closer
You can't keep me holding on
'Cause I'm drown by a feeling
The night is calling me
I'm ready to start living
Where music flows free

Take me or leave me
I am what i will be
Live young and so free
Make this reality
Break through and feel it
Just like that first kiss
And now you won't miss
Life is bliss, could bliss be this? yeaaaah

Midnight, the real me
I'm shining oh! can't you see ?
Midnight, I'm letting myself go
I'm lost in the rhythm
The night takes control

Can't get up I must come down
Can't get the bells to stop ringing
Can't reject and leave now
9 to 5 has lost its meaning
Dear I'm sure you know this feeling
You know what's on my mind
'Cause when the night comes I'm leaving
Leaving it all behind

Take me or leave me
I am what I will be
Live young and so free
Make this reality
Break through and feel it
Just like that first kiss
And now you want this
Life is bliss, could bliss be this ? yeaaaah

Midnight, the real me
I'm shining oh! can't you see ?
Midnight, I'm letting myself go
I'm lost in the rhythm
The night takes control
