Ooooooh oh, yeah, haha

Feel I've known you  
More than this 24, ha  
Surprised I'm open  
Usually I take more time  
Can I blame the ????  
Sunrise or this champagne  
I know what you do to me  
I've let you do it again

Addictions are quick ??????????????  
Filled with desire I felt it electric thus far jump from skin  
to skin  
Mmmm that is something I'm rushing like just how it's  
you doin it-a  
Feel so good like wild out I just can't stop callin now  
give it to me, to me yeay

(Quick love) You give it

Ohhh come back  
To 12:23 ha  
Don't wanna lose that  
So hurry, while we're feelin it  
Slippin the lips so quick we seem to think  
We're gonna make it up to my floor  
So close up that hunger is wanting you

Wanting me wanting more of that
