I hear your bells
And I hear your deer
I can hear you saying your ho ho ho

So I know what's coming
Right now

Cause I can hear
Dear Santa Claus
With you big sack of toys
And the teddy bears for the little ones
And the rollerskates for the older ones
Yes I can hear you
Dear old Santa Claus

I heard your thump
On the big brown roof
I heard you trying to get down our chimney
But that's ok
Just open the front door

So I know what's coming
Right now

Cause I can hear
Dear santa claus
With you big sack of toys
And the teddy bears for the little ones
And the rollerskates for the older ones

Cause I can hear
Dear santa claus
With your big sack of toys
And the teddy bears for the little ones
And the rollerskates for the older ones
Yes I can hear you
Dear old santa claus

Yes I can hear you
Dear old santa claus
