You feel out of breath
Used up and broken down
Just like a shattered glass
In pieces on the ground

Some days you wanna scream
But you can't make a sound
But you're not alone

Here comes another day
Here comes another fight
You'd rather give it up than give it one more try
'Cause no one understands the way you feel inside
But you're not alone

Right now it feels like the end of the world
All your battles are lost
You've been cheated
(Mistreated)
Just when you think
That you can't hold on any longer

Hold on a little bit longer
Trust me, you'll see
You'll be so much stronger
(You'll be so much stronger)

It's only temporary
But it feels like you're stuck
Like no wishing well
Could ever change your luck

They say when one door closes
Another opens up
And you walk right through
Yeah, you know what to do

Hold on a little bit longer
Trust me, you'll see
You'll be so much stronger
(You'll be so much stronger)

You might have to bend
But you're not gonna break
Wipe the tears from your eyes
And the fear off your face
You know deep down inside
You've got what it takes

Hold on a little bit longer
Trust me, you'll see
You'll be so much stronger
(You'll be so much stronger)

You'll be so much stronger
