If you were here with me
If you were here with me

The train's gone and I am standing alone
I think of you and wonder if you think of me too
I'm back to the town that I was born in
to think of my life and to start it over with you

Cause you know we've been in a maze of love
and we are losing control to get away
Here I am walking on a hill in this town
I gave my childhood that seems like yesterday

If you were here with me
you could feel the way I do now
If you were here with me
you could see what I am looking for now

Cause you know we've been in a maze of love
and we are losing control to get away
Here I am walking on a hill in this town
I gave my childhood that seems like yesterday

If you were here with me
you could feel the way I do now
If you were here with me
you could see what I am looking for now

If you were here with me
