You told me once I had to be strong enough
Shouldn't be holding on
It feels wrong

Don't pretend you thought it would never end
You're scared of being 'lone again
Torn again

BRIDGE

Running 'round and 'round in circles
Trying to keep it all inside
Looking at the ground and not the sky

CHORUS

Did you know, did you know
You don't need me anymore
Let it go, let it go
'Cause I'm not the one you're looking for at all
I'm sorry it's just the way it goes

mmm yeah...

It's dark outside
I don't know wrong from right
I wanna go home tonight
Alone
You know that I no matter how hard I've tried
I don't know what to wright
Not this time

BRIDGE

Running 'round and 'round in circles
Just like a *fregrant light*
When we should be opening our eyes

CHORUS

Did you know, did you know
You don't need me anymore
Let it go, let it go
'Cause I'm not the one you're looking for at all
I'm sorry it's just the way it goes

Did you know, did you know
That I take you with me everywhere I go
And I'm hurting even if it doesn't show
I love you but it's just the way it goes
Just the way it goes and goes and goes
Just the way it goes

I'm sorry it's just the way it goes...

CHORUS

Did you know, did you know
You don't need me anymore
Did you know, did you know
That I'm not the one you're looking for at all
I'm sorry it's just the way it goes

ooh yeah...
