There you were standing against the wall.  
Looking cool, sippin' and lippin' with your group of  
friends,  
and I knew just as easy as the air I breathe.  
You had a vibe that gave me reason to believe.  
And I knew (I knew).  
It was you (It was you).  
Yes I knew (I knew).  
It was you (It was you).

CHORUS

If your past life finds you once more, maybe.  
The one you're lovin' now you loved before.  
So familiar it feels so right baby.  
Maybe I knew you in a past life.  
There we were inside a dungeon in Spain.  
Or we were lions making love in the rain

in South America or was it Japan?  
You were a woman, maybe I was a man.  
But I knew (I knew).  
It was you (It was you).  
Yes I knew (I knew).  
It was you (It was you).

CHORUS

And you walk over to me with that old cliché.  
Don't I know you from somewhere, someplace?  
I start to laugh and say that just might be.  
This ain't the first time it's been you and me.  
And I knew (I knew).  
It was you (It was you).  
Yes I knew (I knew).  
It was you (It was you).

CHORUS
