Hi, it's very very nice to meet shoes...
I mean, very nice to meet you
Have we met before 'cause I recall your presence in my
dreams

You say you've heard a lot about me
So what is it you know exactly?
That I'm meant for you and you were perfectly made
just for me

Seems I could get along just fine
So why don't we just take our time
'Cause we have that and more
And we don't know what God has in store

CHORUS:

Lalala, you make me sing
Lalala, you make me sing
The ooh's, the aah's, the riffs, everything
Lalala, it's so crazy
Lalala, that you're here with me
And I hope that this story of ours ends happily

Here, it's my cellular phone number
'Cause this girl's hoping that you will call her
And we'll go on a date, but we won't stay out late
unless
We get into deep conversation
About life and stuff like past relations
And then hours will pass and we'll work on making
things last

CHORUS

I don't know why we met so late
I don't know if we met too soon
I don't know, but I know that you are here
I don't know if we're meant to be
I don't know, we'll just have to see
I don't know, but I know that you make me sing!

CHORUS

Do you hope that this story of ours ends happily?
Then would you please join and sing this song with me?
