I hear his voice calling out my name.  
It was just a dream but it hurt just the same.

Will you come back to me?  
Will you come back?  
Say you'll come back to me?  
Say you'll come back.

I'm sorry. You're sorry.  
You're sorry. I'm sorry.  
We are.. (x2)

Are.. are we meant to be?

One shot, perfect love.  
Put it in a frame.  
Fun shot, broken love.  
Who is there to blame?

Will you come back to me?  
Will you come back?  
Say you'll come back to me?  
Say you'll come back.

I'm sorry. You're sorry.  
You're sorry. I'm sorry.  
We are.. (x2)

Are.. are we meant to be?  
Are we meant to be?

Or are we history?
