I drive you crazy
As I said that I would
Do you still want me?
I don't see how you could

This is the way that I've been
This is what I have to change
I want to be better
Have much more to offer
But I can't alone, so please say you'll stay

I'll win you over
I've never been so sure
Take my every word
All for you I'm for
I'll win you over
I'm never giving up
And though changing takes a long time
I'll do anything for love (for love)

I'm sorry, baby
But I meant all I said
It's just not the time now
So you go on ahead

This is the way that I've been
This is what I have to change
I want to be better
Have much more to offer
I'm gonna try alone, so please do not stay

But you've won me over
You've never been so sure
I took your every word
All for me, you were
You've won me over
Don't say you're giving up
You knew that changing took a long time
And would do anything for love

You told me all these things
For better or for worse

I recall every single moment
Stays with me like a curse
You can't just take it back
Your words were mine to keep
Just don't forget that I'm the one you need

(2x)

You've won me over
You've never been so sure
I took your every word
All for me, you were
You've won me over
Don't say you're giving up
You knew that changing took a long time
Said you'd do anything for love

You've won me over
You're never giving up
Don't ever say, don't ever say that you're giving up
You've won me over
You knew that changing took a long time
Said you'd do anything for love

Oh...
This is the way that I've been
There's so much I have to change
I'm gonna be better
Have much more to offer
But I can't right now, so hopefully one day
