[Movie Sample]

Information, information, information

I am the new number two..

Who is number one?

You are number six

I am not a number! I am a free man!

{\*laughing\*}

[Intro: Remedy (Clocka) {Sweetleaf}]

The warning y'all, this is a warning yo

(Listen up, the code red)

Code red (Yea yea yea)

This is the code code red

(What?) Yo yo you've been warned

(Uh-huh) {This is a warning}

This a warning yo {Warning}

(War nigga) Code red

[Remedy]

Yo yo, I came to warn you, strike and swarm you

Inform you, knowledge born you

They're on you, cameras in corners

Men who take orders, closed quarters of slaughters

Tell ya sons and daughters

Behind the closed doors it's an old wise man

With the power of destruction at the palm of his hand

Understand, how it got there is this

Not a mark in his list, white face, data risk

Son he couldn't miss, his chance to pull the strings at  
his dance

Control the whole world through the power of trance

How you see it?

[Clocka]

From the outer circle runnin, I'm an inner circle gunner

Clocka, holdin my block down, dope beat, polite sound

Dump, you heard it through the track in the speed  
bump

You need somethin to rush off, here take this poem

Inject it in ya vein, real strong

Don't dumb out, there's more than three ways for you

to come out  
There's mental state, check the medallion plate  
Myself know what time it is, release, I got somethin to  
give  
Are you driven? Are you strickened? Yo it's sickenin  
I hear it too much, control the Dutch, clutch my hand in  
a ball  
All I need to know is when it's time to brawl  
Before you walk you gotta crawl 'fore you stand too tall  
Feel ya own height, seen you stagger through the  
scene on nights  
Don't understand ya kind, this just a warning, a  
warning

[Chorus: Remedy (Sweetleaf)]

Yo this a warning, I look and see a new day dawnin  
(Warning)  
This a warning to every man born and sworn in (This is  
a warning)  
The Remedy, I look and see a new day dawnin  
(Warning)

[Remedy (Sweetleaf)]

Watch this catch like a wildfire, burn in the blaze  
Release those of you, most of you were caught in the  
maze  
We got six million ways to shine like sun's rays  
So do what we do to get through the last days (the last  
days)

[Clocka (Sweetleaf)]

Try to listen to the science of life  
Anythin but that mean you don't give a fuck about  
your's  
Until ya door's kicked in by Mac-eleven machine men  
Army green men but not the ones that's toys boy  
That's for sure, if not in case you've been warned  
I roll with a Clan that swear they raise they right hand  
And smash ya with they left, appear an injustice, it's  
right there  
Get sent back to the essence, kid you wildin like an  
adolescence  
In c-seventy culture, get hung like a wanted poster  
Trust me, and Rem-D, ain't the ones to contest G (This  
is a warning)  
You totally desobeyed the first one, break you and fire  
at you, I know it  
hurt done

[Remedy (Clocka)]

Follow instructions, the black gun pulls like suction

Evil minds plot destruction, corruption  
+Az the World Turnz+, born into a system of third  
degree burns  
With no knowledge there's no wisdom, we all fall victim  
Sign of the times, society's lost, controlled, read  
between the lines  
(Warning)  
Yo it's late night, come up in ya bank  
Computer flippin, microchippin  
Insert the disk in, see who's worth a million  
They come for the killin, we know where you livin  
Come kick ya shit in  
Comes the door and three or four men pour in  
Yo you upstairs snorin, we in the safe, panel floorin  
Come and go like we tourin, bottomline is we scorin  
Half way across the country by the mornin  
The Remedy with the Clocka quest  
Through ya treasure chest, comin up in anybody's rest  
Yo peace and God bless, warning yo  
This is a warning yo, this is a warning yo, this is a  
warning..

[Chorus 2X]

[Remedy]

Code red warning, yo, code red, code red

[Solomon Childs]

I'm all in it for the beef, save the barkin for the real  
dogs

[Remedy (Sweetleaf)]

Born and sworn in, this is a warning, yo..

This is a warning.. (Warning)

Uh-huh, you've been warned

Come to warning (This is a warning)

[Solomon Childs]

Lyrics spit like shots to ya police

Killa Bamz, the best thing since yeast

Don't have the gold why you cats is brass?

Solo kids you talk to fast, I peal with math

WTC, world war predicate law, hundred percent raw

Rock the universal crown, all Wu-Wear down

Nobody jokin, lyrics leave ya camp backbones broken

Broken..

[Sweetleaf]

This is a warning {5X}

Remedy, the Remedy

This is a warning..
