I've been a rock
And I've got my fences
I never let them down
When it comes to love
I keep my senses
I don't get
Kicked around

I shivered
Once you broke
Into my soul
The damage is done now
I'm outta control
How did you get to me

No one else on Earth
Could ever hurt me
Break my heart
The way you do
No one else on Earth
Was ever worth it
No one could
Love me like
No one could love me
Like you

You can make me want you
Any time you want to
You're burning me alive
I can't deny you
Even when I catch you
Weaving a weak alibi

Cause when the night falls
You make me forget
Your love is killing me
And it ain't over yet
How did you get to me

No one else on Earth
Could ever hurt me

Break my heart
The way you do
No one else on Earth
Was ever worth it
No one could
Love me like
No one could love me
Like you

I shivered
Once you broke
Into my soul
The damage is done now
I'm outta control
How did you get to me

No one else on Earth
Could ever hurt me
Break my heart
The way you do
No one else on Earth
Was ever worth it
No one could
Love me like
No one could love me
Like you

No one else on Earth
Could ever hurt me
Break my heart
The way you do
No one else on Earth
Was ever worth it
No one could
Love me like
No one could love me
Like you

No one else on Earth
Was ever worth it
No one could
Love me like
No one like you
No one like you
