After so long I thought you knew
The special way I feel for you
Although at times I might conceal it

There's so much love I've never shown
And though I might not let you know
That doesn't mean that I don't feel it

Look at me
Can't you see the love I have?
Can't you feel this fire inside burning?
I may not
Speak a lot
About my love
But if you ever doubt my love
Read it in my eyes

Maybe there's words I've never said
They're probably still locked in my head
I've never held them back to hurt you

Cause deep in the night lost in the dark
I reach for you we strike a spark
My love speaks louder than my words do

Look at me
Can't you see the love I have?
Can't you feel this fire inside burning?
I may not
Speak a lot
About my love
But if you ever doubt my love
Read it in my eyes

And if you're ever insecure
Just remember you're the one I love
From the start
Cross my heart

Look at me
Can't you see the love I have?

Can't you feel this fire inside burning?
I may not
Speak a lot
About my love
But if you ever doubt my love
Read it in my eyes
