When you can wear what you feel  
What do you wanna say?  
Now, love is a little number  
That you can wear each day

As long as you let me be the accessory  
Simply send me on my way  
Style of love  
I look good in love

When it's been out of sight and out of mind  
For such a long time, that's how one forgets  
So I reached in the back of my closet  
And pulled it out and tried it on and it still fits

So I covered the pain up with lots of MAC make-up  
But I can't help but blush  
Because I'm in love  
All dressed up in love

I'm all dressed up in love  
And I'm cool in the summer, warm in the winter  
I'm all dressed up in love  
And I'm cool in the summer, warm in the winter

'Cause I'm in love  
All dressed up in love

People are looking, some even staring  
I know I'm glowing when they ask me what I'm wearing  
This or that, it's made for any weather  
My friend and I sit down and we both made it together

Now if you really want one of your own  
I hope your shoes are made for walking  
'Cause I found love  
And you must find love

I'm all dressed up in love  
And I'm cool in the summer, warm in the winter  
I'm all dressed up in love  
And I'm cool in the summer, warm in the winter

I'm all dressed up in love  
And I'm cool in the summer, warm in the winter  
I'm all dressed up in love

'Cause I found love  
And you must find love

Love, love, love  
Love, love, love  
Love, love, love  
Love, love, love  
Love, I found it  
Love is in the air you know
