asy, I'm taking it easy
Cause life's too short to give my heart So freely

Simple, what I want is simple..like Falling rain, summer
or spring
Here I am

Oh all I know is..lonely ain't that bad Without the tears
and without the past And the memories of how I kept
hanging On

I am all I need For Real
Cause now I see that what I wanted in You was always
in me For Real

Silence, it was beautiful silence after I got over my last
heart break it was Quiet

Now hear for, what are here for to Create complications
and take me Through changes just tell me now

Oh all I knw is, lonely ain't that bad Without tears and
without the past and The memories of how I kept
hanging on

I am all I need For Real cause now I See that what I
wanted in you was always in me For Real

I was chasing love and it just kept Running, I settled
and you wasn't the One. I gave you everything (that's
when Our love was real..I don't know why you tired to
make me past, what's the reason, boy can you explain?

Never knew how to love me
Maybe that was the point
Maybe its not your fault
Can't blame ya for what cha don't know
(Oh) Should've never trusted you

But now I know that
I am all I need For Real, now I see that what I wanted in
you was always in me For Real, For Real

I am all I need For Real, now I see that what I wanted in
you was always in me For Real

You thought I wasn't going nowhere
Didn't ya, but I'm happy about it (yes I am) I was
depending on you, Now I'm Depending on me....
