When I'm on the fence, I'm undecided
So very tense, still a little upset
But I don't wanna make an angry decision
And regret it later, so I haven't decided, yeah

But I could never, ever feel like this
When the words, "I love you," leave my lips
I mean it when I say
I just hate how difficult you make it

Why is it so hard, so hard?
So hard to love you, so hard to stay, hey
Why is it so hard? So hard to love you
But this is the one time I don't care about the easy way,
no

Doesn't make sense, irrational to me
I'm still around though I can't believe one word that you
say
No it don't make no sense, I'm always crying
But I'd cry oceans if you ever went away

But I could never, ever feel like this
When the words, "I love you," leave my lips
I mean it when I say
I just hate how difficult you make it

Why is it so hard, so hard?
So hard to love you, so hard to stay, hey
Why is it so hard? So hard to love you
But this is the one time I don't care about the easy way

(Why is it so hard?)
Oh, I can walk out that door
And never come around anymore
But that wouldn't make no sense to me

But see I love you baby
And through the thick and thin
This is where I'm supposed to be
(Supposed to be)

Hey, why is it so hard, so hard?
So hard to love you, so hard to stay
Why is it so hard? So hard to love you
But this is the one time I don't care about the easy way,
no

Why is it so hard, so hard?
So hard to love you, so hard to stay
Why is it so hard? So hard to love you
But this is the one time I don't care about the easy way,
hey

Why is it so hard?
