You put a move on my heart
Time after time
When I'm feeling low
Something inside of me
Let's me know
So I lose all my desires
When the world seems a lonely place
I got a dream that won't leave a trace
Out of the blue
I have this thing of you
Baby I know
I got a real thing here by my side
Someone who needs me
Holding me tight
A special feeling won't ever go
Cause I knew from the start
You put a move on my heart

Baby I like a melody
Playing for us in the sweetest key
You could find in the music of life
In my touch there's a woman's glow
Here in the passion.. dream
It's a dream for you and me
Baby I know
The love of my life

Someone who needs
And he fills me with pride
Baby know now and forever
We'll never be apart
Cause you belong to me
Cause you put a move on my heart

I got a
Someone who needs me
A special feeling
Time can't erase
Baby believe me
This is a dream
And sugar and

I knew from the start
You put a move on my heart
Baby can't you see?
We were meant to be
Hold me love me
You put a move on my heart
You can't deny
Untill the end of the time
Hold me love me
You put a move on my heart (repeats)
