If All The Worlds We Scattered And I Found My Way To
Here
Then How Can I Love You The Way That I Love You?
Big Sky And A Silver Moon The Apple Of Your Eye
How Can I Explain It?
How Can I Maintain This?

CHORUS

My Tenderness Evolving
Your Faithfulness Revolving Around Me
Around Me
Angels In Their Glory
Regailing Of Your Story Around Me
Around Me
One Big Bang, An Atom I? O, How'd I Come To Be?
Whittled From A Bone Is Harder To Believe
Hope In Things I Cannot See
I Know That You Will Come
Seasons Quickly Turning
Quickly You're Returning

CHORUS

Treat Me With An Alibi So All My Friends May Wonder
Why
I Have Immortal Favor
The King He Gives Me Favor

CHORUS
