She's a skin art junkie all cute and petite
All her fat-cat schemes don't look around
Don't you even blame me
It's a real bad thing to spill your shades for a blind man
to find it
Who can feel the whole earth move and don't even
mind it

I wanna know You
Better than i do
Relieve me from myself, bring me Into You
I wanna know You
Better than i do
Relieve me from myself, bring me Into You

She's a wanna be hero
Yeah, she try to be strong
And the end of the hour
You find that that tower ain't standing so tall
It's a real hard thing
To show you weakness
If anyone can love you, i know my King does

I wanna know You
Better than i do
Relieve me from myself, bring me Into You
I wanna know You
Better than i do
Relieve me from myself, bring me into...

Your Holiness
Your Kingdom
Your Righteousness
My Freedom

She's an easy scare
She's a simple bluff
She's a timid girl
She's in love

I wanna know You

Better than i do
Relieve me from myself, bring me Into You
I wanna know You
Better than i do
Relieve me from myself, bring me Into You
