Angel lives in the next one down.
She loves a boy the other side of town.
She says, take your time - but don't take too long.
I think I know where we belong -

Will you meet me in the twilight
For a moment, maybe two.
Will you meet me in the twilight
If you love me, say it's true -

That what came before is just what came before.
Nothing less, nothing more.
He says, meet me tonight at the Someday Caf.
We'll talk about what you did today.

Will you meet me in the twilight
For a moment, maybe two.
Will you meet me in the twilight
If you love me, say it's true -
That you'll steal away from the neighborhood
In the fleeting afternoon.
Will you meet me in the twilight
If you love me, say it's true -

He says, hold me like a child.
Feel my beating heart pressed up against yours,
Pounding out a song I've never sung before.

Will you meet me in the twilight
For a moment, maybe two.
Will you meet me in the twilight
If you love me, say it's true -

That you'll steal away from the neighborhood
In the fleeting afternoon.
Will you meet me in the twilight?
If you love me, say it's true -
That you love me, darling.
