All the things i want to say
All at once they wash away
As You walk by, out of mind
My thoughts fly away

All the things i long to hear
Suddenly they reappear
You say in that hour Your holy Power
Will wipe away my fears

I can hear You cry out loud
When You Answer Me
When You answer me
Once again i am revived
When You answer me You answer
When You answer me You answer me with love

To know You are I Am
Confidence of lion laying with the lamb
In greener fields, with all my zeal,
Is hard to comprehend

I can hear You cry out loud
When You Answer Me
When You answer me
Once again i am revived
When You answer me You answer
When You answer me You answer me with...

(with) love so understanding
I can hardly catch my breath
Seeing this i wonder how You have any love left
(left) me not alone
When i did not believe
Through the darkness, through the darkness You
answer me

I can hear You cry out loud
When You Answer Me
When You answer me
Once again i am revived

When You answer me You answer
When You answer me You answer me with love
