when I came home it was the same song  
out on the corner all night still tryna get my hustle on  
you hate it but you still waited up until I made it in  
questionin where the hell I been  
and then came the love makin and the tounge kissin  
on a mission to hit that ass in every position  
wishin for peace love and happiness  
are you happy (yes)  
well lay your tired head on my chest  
get you some rest

[Chorus]

I see you blowin up my phone  
sayin make it home you all alone

but hey I gotta get it how I live baby
