River of healing, carry me
Flow through all my years
Ocean of mercy deep and free
Wash away all of my tears
River of healing flow through me
Lead me all of my days
Fountain of truth forever be
Guiding all my ways
Pour your Spirit down on me
Like holy rain from above
River of healing, carry me
Upon the Father's love
River of healing let me be
Holy in every part
So Your living water reflects in me
The shape of my
Savior's heart
Faithful God Your grace will be
A refuge sure enough
River of healing, carry me
Upon the Father's love
River of healing, carries me
Upon the Father's love
