[Intro]

Baby I love you (I love you too)
You know I need you
Gotta have you (what)
Cant be without you (J.lo)

[R. Kelly]

It's like downtown New York in the middle of traffic
jams
all I really want you to know is who I am
You can find me low key in the back of the club, roll
with some fine females, rollin on dubs
you and me big pimpin on a shopping spree in L.A
papparatzis and critics who give a damn what they say

[Jennifer Lopez]

Boy I never knew I could feel they way I felt, when I met
you I could never forget you
and boy when you look my way I realize more and more
I adore your pretty eyes
what I wanna know from you is do you wanna share my
love's bliss
I long for the day when im feeling your kiss can you
love me for a lifetime for just in one night im helpless
for you
baby but its alright.

[CHORUS]

Baby I love you (love you)
Baby I need you (need you)
I gotta have you (I gotta have you babe)
Cant be without you(be without you)
Baby I love you, (yeaahhh)
Baby I need you (need you)
I gotta have you, (I gotta have you babe)
Cant be without you

[Jennifer Lopez]

Papi, I got something to say to you
Blessed and cursed on the day that
I felt the power of you inside me it was strong and I

loved it,
And there comes a time in our lifes when things
change, its a brand new day.
And baby ill spend it with you.
what I wanna know from you is do you wanna share my
loves bliss
I long for the day when im
feeling your kiss, can you love me for a lifetime but just
in one night im helpless for you
baby but its alright.

[CHORUS]

Baby I love you (I love you too)
You know I need you (j.lo)
Gotta have you (pied piper)
Cant be without you (j.lo)

rear-drop-top bentley on somebodys highway,
who let me jump in some club on his vallet
got alittle smoke, got alittle drinks sittin in V.I.P
got alittle buzz on my hands up honeys feeling me
got that criss sittin on ice like a gansta lean
hands surrounding them like dice like security
at the party in the rich compton penthouse suite
all my thugs and me breath smelling like henneseey
got a few friends flying in from San Diego
its a suprise party for my homie J.Lo
I need you (baby I love you)
I gotta have you babe (baby I need you)
baby I love you (I gotta have you)
ooo I swear I do (cant be without you)
(baby I love you)
oooo (baby I need you)
Ladies do you know what I'm talking about (I gotta
have you)
