Do you know where you're going to
do you like the things that life's been showing you
where are you going to
do you know

Do you get what you're hoping for
when you look behind you there's no open door
what are you hoping for
do you know

Once we were standing still in time
chasing the fantasies that filled are mine
you knew how I loved you but my spirit was free
laughin' at the questions that you once had of me

Do you know where you're going to
do you like the things that life's been showing you
where are you going to
do you know

Now looking back at all we've meant
we've let so many dreams just slip through our hands
why must we wait so long before we see
how sad the answers to those questions can be

Do you know where you're going to
do you like the things that life's been showing you
where are you going to
do you know

do you get what you're hoping for
when you look behind you there's no open door
what are you hoping for
do you know

do you know
