El Deseo De Tu Amor

Ven y dime al oÃdo de una vez  
CuÃndo te sentiste asÃ.  
Con un beso tan sÃ³lo imaginÃ© que es hecho para  
mÃ.  
No lo puedes evitar,  
Me lo dices al mirar,  
Si te llego a acariciar  
Te derrites en mis manos.

CORO:

SueÃ±a junto a mÃ,  
Ven y dÃame sentir  
La pasiÃ³n que nace en mÃ  
Con el fuego de tu amor.  
Una noche mÃis  
Quiero junto a ti volar,  
Ser tu vice y algo mÃis:  
El deseo de tu amor  
Te quiero muy despacio provocar ahora que te tengo  
aquÃ  
Lo que nadie a ti te supo dar  
Eso te lo doy a ti.  
No lo puedes evitar,  
Me lo dices al mirar  
Si te llego a acariciar  
Te derrites en mis manos.

(CORO)

AquÃ me tienes, soy toda de ti  
Lo que buscas en mÃ, te estoy dando  
Que estÃ©s aquÃ sintiÃ©ndome  
Que sigas deseÃndome  
AquÃ me tienes, soy toda de ti,  
Lo que buscas en mÃ, te estoy dando:  
Que me ames una noche mÃis,  
Que sea tuya hasta el final.

English Translation:  
The Wish For your Love

Come and whisper to me of a time  
When you felt like this  
With an unimaginable kiss that's made especially for  
me  
You can't avoid it  
I'm telling you to look  
If I carressed you  
You would melt away in my hands.

CHOURS:

Dream with me  
Come and let me feel it  
The passion that was born in me  
With the fire of your love  
Just one more night  
I want to be next to you and fly,  
Be your vice and a little more  
The wish for your love  
I want to provoke you slowly now that I have you here  
What noboy else is suppose to give  
That's what I'm giving you  
You can't avoid it  
I'm telling you to look  
If I carressed you  
You'd melt away in my hands

(CHOURS)

Here you have me, I'm all yours  
What you've been looking for in me, I'm giving to you  
To be here and feel me  
That you'll keep on wanting me  
Here you have me, I'm all yours  
What you've been looking for in me, I'm giving to you  
That you'll love me another night  
That I'll be your's until the end
