I know better than anybody how it feels to want
somebody so bad after you break up

Still
(Looking for that phone call)

Still
(Even when they don't call)

Still ain't ready to walk away and call it all over
Act like you wasn't listening when they told ya
They don't wanna be with you anymore
Stuck in your ways, you choose to ignore

'Cause in your mind, you're still together
Thought it would last but there's no forever
Walked out on you with no call, no letter
When he realize it don't get no better

[Chorus:]

He'll be back
To make up for the lonely days
He'll be back
When things ain't working out his way
He'll be back
When he sees that it's not the same
He'll be back (he'll be back)
He'll be back (he'll be back)
He'll be back

He knows he's gonna need his lady
He'll be back
When his boys say he must be crazy
He'll be back
He'll know he made a big mistake
He'll be back (he'll be back)
He'll be back (he'll be back)
He'll be back

You don't want to believe it but you see it happening
Wakes you up out of your sleep, out of the dreams
you're having

Still
(Looking for his return)

Still
(Hoping that he's gonna learn)

Wake up and realize the truth, make some time for you
What's he trying to do to you
Miss him more as days go by
Try your hardest not to cry and keep hope alive

'Cause in your mind, you're still together

Thought it would last but there's no forever
Walked out on you with no call, no letter
When he realize it don't get no better

He'll be back
To make up for the lonely days
He'll be back
When things ain't working out his way
He'll be back
When he sees that it's not the same
He'll be back (he'll be back)
He'll be back (he'll be back)
(He'll be back)

He knows he's gonna need his lady
He'll be back
When his boys say he must be crazy
He'll be back
He'll know he made a big mistake
He'll be back (he'll be back)
He'll be back (he'll be back)
(He'll be back)

(Thinking)

(Every)

(Wanting)

(Haunting)

(Thinking)

(Every)

(Wanting)

(Haunting)

He'll be back

(Thinking)

(Every)

(Wanting)

(Haunting)

(Thinking)

(Every)

(Wanting)

(Haunting)

He'll be back

To make up for the lonely days

He'll be back

When things ain't working out his way

He'll be back

When he sees that it's not the same

He'll be back (he'll be back)

He'll be back (he'll be back)

(He'll be back)

He knows he's gonna need his lady

He'll be back

When his boys say he must be crazy

He'll be back

He'll know he made a big mistake

He'll be back (he'll be back)

He'll be back (he'll be back)

(He'll be back)
