I

Love

Boy, I love you so

I

Love

You and I have been around each other for quite a while

But I don't think that you understand the way that I feel for you

Baby, it took a while for me (yeah, yeah)  
To realize that you were so naive  
Well maybe you were blind and cannot see  
The feelings I have for you, you don't understand  
The things that I've gone through  
To paint a perfect picture just for you (picture for you)  
I've even told your friends, but that won't do  
Well baby, you have to know, I can't wait no more

I

Love you more than you will ever know

Love

I've been trying so hard to show you

I

Love you like a queen would love her king

Love

Baby, I've been trying to show you

Look at me, try to understand that I am here for you  
And whatever you're going through no matter what you ask me to do I will do

See baby, I'm trying to make you see (trying to make you see)

This is not pretend or make believe

I wanna be the woman that you need

Just let me get close to you, take me in your heart

Every day I want you more and more (want you more  
and more)  
Never in my life was I so sure  
These feelings I have I can't ignore  
So baby just let me know  
All I'm trying to say is

I  
Love you more than I can love myself  
Love  
I would die before I hurt you  
I  
Love you like a woman loves a man  
Love  
When there's no one else to live for

Baby, for so long I've always tried to show you just how  
much I care for you  
Boy, you had to know that I could never let you go  
I'll spend the rest of my life trying to make you  
understand that

I  
Love you when there's no more love to give  
Love  
Baby, I will always want you  
I  
Love you when you're up against it all  
Love  
I'll be by your side forever

I  
I love you, baby, love you, baby  
Love  
Love you, baby, love you, baby

I  
Love you, baby, love you, baby  
Love  
I love you, baby, love you, baby

You
