(Q-Tez)

Betta, watch out!

wha' u gon' do

wha' u gon' say

every min , every sec

blazin' squad,

yeahp!

blazin' squad

(chorus)

Call me baby, we can get hot

Come and get my love girl the wire

1, 2 watcha gonna do?

stay at mine, sounds fine

Say your gonna feel me, baby that can thrill me

up and down

round and round

call my number; we'll make love on the line

I know you gotta go away, for quite a while

But you can pick the phone up and you can dial

And when you're feeling lonely, i can see you right
through

And if you tell me that you want it

Then i can make love on the line with you

I'm gonna miss your body, perfume on your skin

You say you're gonna feel me, girl that can thrill me

Cos you can call me anytime

For love on the line

(love on the line)

(chorus)

We can chat all night and day girl

When i'm home or away girl

Just give me a call on my line girl

You can be all mine girl

And when we are talking i picture your eyes on your
pretty face

With gloss on your lips, soft mm, skin

And the body i'll embrace

(Q-Tez)
Just make love to me
Is only form i praise you
Just make love to me
Is only form i praise you
Just make love to me
Is only form i praise you

Just make love to me
And give it to me the way you wanna
And everything you ask of me, you know i'm gonna
Cos you can be all mine any time
(any time)
For love on the line
(love on the line)

(Chorus)

When i wake you in the night
Girl i'm gonna do you right
We can live a fantasy
and love bo wo

Imagine that i'm touching you baby
can you feel me to?
Call my number
For love on the line

(chorus x2)
