Tonight, we're going all the way  
You want my lips to kiss the pain away  
Body to body, we can cause a flame  
We can ignite, ignite

You wanna dance, you wanna move  
I'm on a mission to just take you to the Moon  
We like to party, we're in the mood  
So turn it up, I'll let the music get you loose

We're feeling high, give me that bass  
Just get them drinks, and put your hands up in the air  
You know you want me, so make a move  
Come over here, and show me what you gonna do

Tonight, we're going all the way  
You want my lips to kiss the pain away  
Body to body, we can cause a flame  
We can ignite, ignite

Tonight, we're going all the way  
You want my lips to kiss the pain away  
Body to body, we can cause a flame  
We can ignite, ignite

We're getting physical, physical, physical  
Oh, physical, physical  
We're getting physical, physical, physical  
Oh, physical, physical

You make me fly  
I'm losing my head  
Don't let me come down  
Pump it up until the end  
The club is popping  
Blow up the roof

So nevermind if we all get a little rude

Move to the right, move to the left  
Now back it up, you know just what you gonna get  
You know you like it  
I know you do

So turn it up, I'll let the beat just get you loose

Tonight, we're going all the way  
You want my lips to kiss the pain away  
Body to body, we can cause a flame  
We can ignite, ignite

Tonight, we're going all the way  
You want my lips to kiss the pain away  
Body to body, we can cause a flame  
We can ignite, ignite

We're getting physical, physical, physical  
Oh, physical, physical  
We're getting physical, physical, physical  
Oh, physical, physical

Tonight, we're going all the way  
You want my lips to kiss the pain away  
Body to body, we can cause a flame  
We can ignite, ignite

We're getting physical, physical, physical  
Oh, physical, physical  
We're getting physical, physical, physical  
Oh, physical, physical
