Step into my world  
Uh-huh, yeah, yeah  
Whooaaaa  
Uh-huh, yeah, yeah  
Whooaaaa

Like a moth  
To a flame, you know you're drawn to me  
I know you  
Better than you know yourself, baby  
Why do you  
Try to resist what you want, honey  
I want you  
To give me what I need, listen closely

I need you to  
Hold on me  
I need you to  
Kiss on me  
Feel your body  
Next to me  
I want you to  
I need you to  
Want you to give  
Into me  
Want all of you  
Everything  
Ecstasy (will)  
I will bring  
You if you just

*[Chorus:]*

Step into my world  
Where there's countless things to see  
Endless possibilities  
Let me take you to a place where desires flow deep  
See an odyssey of dreams  
And the best of fantasies  
All this for your eyes only  
Ooh, step into my world

Close your eyes

And let your feelings now take over  
It's alright  
I'm intoxicating you though you're sober  
You inside  
The thought alone is so overbearing  
Boy tonight  
You just follow my lead from here and

I need you to  
Hold on me  
I need you to  
Kiss on me

Feel your body  
Next to me  
I want you to  
I need you to  
Want you to give  
Into me  
Want all of you  
Everything  
Ecstasy (will)  
I will bring  
You if you just

Step into my world  
Where there's countless things to see  
Endless possibilities  
Let me take you to a place where desires flow deep  
See an odyssey of dreams  
And the best of fantasies  
All this for your eyes only  
Ooh, step into my world

Where there's no reality  
Time itself means nothing  
It's so hypnotizing  
It brings you to a state of natural high  
See how my words, they get to ya  
Creates the the lift that's haunting ya  
Yes, that's it, hold on to it  
Ooh, welcome to my world

My world

Where desires flow deep

Fantasies

Ooh, step into my world  
Where there's countless things to see

Endless possibilities (oooh)  
Let me take you to a place where desires flow deep  
See an odyssey of dreams (odyssey of dreams)  
And the best of fantasies  
All this for your eyes only  
Ooh, step into my world

Uh-huh  
Whoooa  
Uh-huh  
Whoooa
