its a good thing that i cant sleep
but i stay up all night a start to weep
like a willow tree cougth in the rain
i get that thought again and agian
i cloose my eyes but sece to dream
like i lost time an empty steam
of thoughts runnin through my head
and i wake and wish world was dead

turn turnin in to sunlight
my skin dont burn as i fall fall in full flight
i bloom with flower
soft the rain
im stern like a tower
again and again
i cry
cry with the wolves they stare
and i think am i really there

walk down arond and around
the people talking but theres no sound
climbing the mountain swimin the ocean
cry but see nothing is there some solotion

look down around
why cant i fall into picture
no sound (no sound)
is there any victor

turn turnin in to sunlight
my skin dont burn as i fall fall in full flight
i bloom with flower
soft the rain
im stern like a tower
again and again
i cry
cry with the wolves they stare
and i think am i really there

i live a life of hurt and pain
all wanta do is the chain
yeah yeah think about it

people only stop to spit
im out to steal i dont deserve
round the bend i drop the curve

turn turnin in to sunlight
my skin dont burn as i fall fall in full flight
i bloom with flower
soft the rain
im stern like a tower
again and again
i cry
cry with the wolves they stare
and i think am i really there
