Come on man  
I need somethin' that I can move to  
You better gimme some of that funk

Pulled up, at the red light  
Cutie crept up on my left side  
Window down, waitin' for my reply  
Not a word, I saw it in his eyes  
Tell me somethin' good baby  
He said, "Whatever you wanna do"

He pulled to the curb, hazards flashed bright  
I got out with a catwalk stride  
Short skirt, golden brown thighs  
Gucci heels, four inch high, he touched my face  
Smiled and said, "Whatever you wanna do"

Now I, I said, "I usually need  
Some time to get inside"  
So I don't know why you  
And me feel so right  
Maybe we need tonight

We sippin', music on loud  
Conversation, your lollipop mouth  
You open up, sweet things come out  
Whisper to me, "Oh what you talkin' 'bout?"  
I said, "I think you know"  
He said, "Whatever you wanna do"

You stand up, takin' my breath  
It's your song so you do a two-step  
I turn away, move my hips slow  
Your thoughts, fully exposed  
Now we better stop playin'  
I said, "Boy, what you gonna do?"

Now I, oh I, usually take  
My time to get inside  
So I don't know why you  
And me feel so right  
You and I need tonight

Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want hey, hey

Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want hey, hey

It's all good, yeah, yeah, yeah  
Whatever you want to do

Now I normally take  
My time to get inside  
So I, I don't know why  
It feels so right  
So maybe we need tonight  
Maybe we need, hey, yeah

Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want hey, hey

Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want hey, hey  
Whatever you want
