It stops... never

Meant to be  
You and me  
Unconscious love  
Love is a attraction  
It's so hot  
What we've got  
Like a chemical reaction

So how can it be so suddenly  
You treat me like a stranger  
Remember, remember when  
You told me I  
I made you feel so alive

You can't stand in the way of love  
You can't stand in the way of love  
Like a river to the ocean  
Can't stop this emotion  
You can't stand in the way of love

How can you be so cold  
Put my heart on hold  
Gotta see you tonight  
Gonna show you what I feel for you  
Gonna do anything you want me to

You can't stand in the way of love  
You can't stand in the way of love  
Like a river to the ocean  
Can't stop this emotion  
You can't stand in the way  
Can't stand in the way of love  
You can't stand in the way of love  
No, no, no  
You can't stand in the way of love

You can tell yourself  
";This time it's over";  
Build a wall

Close the door  
You can tell yourself  
Tell yourself  
That you don't need me anymore  
No, no, no, no

If there's a door  
I'll break it down  
Break it down  
Build a wall  
I'll climb around

You can't stand in the way of love  
You can't stand in the way of love  
Like a river to the ocean  
Can't stop this emotion

You can't stand in the way  
You can't stand in the way  
It's driving me crazy  
You can't stand in the way  
You can't stand in the way  
That's you won't be my baby  
Once you've tasted the potion  
It puts you in motion

You can't stand in the way  
Stand in the way
