If I knew that this would all
Come down to a sad goodbye
I would see it through
'Til the tears burned my eyes
Cause the loving you give to me
So true and profound
Is a sweetest gift I have ever found

If I had to fight fire
You know I would find a way
For a love that's sacred
I would fight until my last day

[chorus]
I couldn't find another man
Who loves me like you do
I couldn't hold another hand
Who holds me quite like you do
Such a love was heaven-blessed
Couldn't find another man

Only you can set my heart on fire
Or fill my life with pain
And no matter if I laugh or cry
I love you just the same
Cause the moment I hold you close
I see in your eyes
With a silent stare
You turn and look right back

If I lost every pleasure
Of silver and gold
I would still find my treasure
With you there to hold

[chorus]
I couldn't find another man
Who loves me like you do
I couldn't hold another hand
Who holds me quite like you do
Such a love was heaven-blessed
Couldn't find another man

If I lost every pleasure
Of silver and gold
I would still find my treasure
With you there to hold

[repeat chorus]

Hush baby,
I don't want anyone else
but you
