Ohh ohh yea yea
La yea

Let's restore you
A good thing rushing these emotions
Just a big commotion that could leave us both alone
And words are meant to circle
We can stay in laughter and love is ever after
So all that we need is a peaceful meditation
For the perfect situation, no
It's so hard to take it slow

Ohh
Don't push the river let it flow
Don't let the one who loves you go
Love will deliver let it go
Don't push the river let it flow

All this [Incomprehensible] conversations
I just wanna runaway
I just wanna getaway for the every one we know
To a place out of the city
Where I could get a taste off
Where it might been a waste off
I know it could be so close to perfection
A different direction, no
A weak at the point of letting go

Ohh
Don't push the river let it flow
Don't let the one who loves you go
Love will deliver let it go
Don't push the river let it flow
Yeah
Woo ooo

You gotta remind yourself
To give it time
Even the sun can't make you blind
Why don't you close your eyes
And ease your mind?
Let it all go

Ohh
Don't push the river let it flow
Don't let the one who loves you go
Love will deliver let it go
Don't push the river let it flow

Ohh
Don't push the river let it flow
Don't let the one who loves you go
Love will deliver let it go
Don't push the river let it flow

(Ohh)
(Don't push the river let it flow)
Hey
Baby, baby
(Don't let the one who loves you go)
Don't push the river
(Love will deliver let it go)
Let it go
Don't push the river let it flow
