When I look at you
Baby, I'm amazed
After all we've been through
All that I can say is

There's no perfect plan
And no finish line
We just learn to fall
And get back up in time

Didn't think we make it
So glad we didn't break up
Now we're good together
And stronger than before

It's not complicated
And I wanna celebrate it
'Cause it feels like the first time
When you walked into the room and

I can't believe we made it
When all around this love is fading
When you look into my eyes
It feels like the first time again

We stood out on the bridge
And everywhere in between
Pushed it to the edge
You never lost your faith

You proved that we were strong
And I'm glad you did
This is something that
I can't believe I could of miss

We don't have to try hard
Now that we've come this far
We're just living
We're on the other side of this

It's not complicated
And I wanna celebrate it

'Cause it feels like the first time
When you walked into the room and

I can't believe we made it
When all around this love is fading
When you look into my eyes
It feels like the first time again

You ought to know by now
I'd do it all again
If it would lead me to
All that I have with you, oh

Do do do
Do do do
Do do do

Didn't think we make it
So glad we didn't break up
Now we're good together
And stronger than before

It's not complicated
And I wanna celebrate it
'Cause it feels like the first time
When you walked into the room and

I can't believe we made it
When all around this love is fading
When you look into my eyes
It feels like the first time again
Oh no, ho, yeah
Feels like the first time again
Oh no no
Oh

Do do do
Do do do
Do do do
