I know you're down again
You see nothin' but rain
You put your friends through hell
That's why we get along so well

You see
I always was your girl
Always will be
You and me against the world

We know the years can give
Romance to the street where we once lived
You wonder why no one called
Between you and me we scared them off

You see
I always was your girl
Always will be
You and me against the world

You see
I always was your girl
Always will be
You and me against the world

Always was your girl
Always was your girl

Maybe we're wrong and the world is right
But don't tell me that tonight
A self-assured and amusing guest
That's the way I like you best

You see
I always was your girl
Always will be
You and me against the world

I always was your girl
You see
I always was your girl
You see

I always was your girl
You see

Maybe we're wrong and world it is right yeah
Always was your girl

Through the years we kept it
Goin' on we kept it goin' strong
'Cos I always was your girl

You and I
We'll always want together
And we will be in love forever
Just you and I

I, I always was your girl
I always was your girl
