Baby, baby drive me crazy walking on the edge
The way you touch yourself has got me hanging on a
ledge
Is it me, is it you something that I didn't see
I walk away but there you are standing, I still need

Don't tell me that you won't go there baby
'Cause I know that you will, yeah, yeah, yeah
Don't tell me that you won't do me baby
'Cause I know that you, I know that you

Mister mister, I'm a sister that you cannot play
If I gave it up to you, you know you'll take it all the way
You can try, you can steam, you know that chemistry
don't lie
'Cause the way you move the body has given me the
vibe

Don't tell me that you won't go there baby
'Cause I know that you will, yeah, yeah, yeah
Don't tell me that you won't do me baby
'Cause I know that you, I know that you
I know you will

I know you, I know you
I know you will
I know you will
I know you will
I know you will
I know, I know
I know you will
(Don't you tell me baby)

(Don't you tell me baby)
Don't tell me that you wouldn't do me baby
Don't tell me that you wouldn't do me now
Don't tell me that you wouldn't do me baby
Don't tell me that you wouldn't do me now

Don't tell me that you won't go there baby
'Cause I know that you will, hey, hey, hey
Don't tell me that you won't do me baby

'Cause I know that you, I know that you
I know you will

Don't tell me that you won't go there baby
'Cause I know that you will
Don't tell me that you won't go there baby
'Cause I know that you will
